HOW I'M KEEPING BUSY...

I find that working keeps me from being bored and keeps me distracted from what is going on. I've also been listening to music, watching movies and shows, getting addicted to TikTok...and talking to myself. ☐

WHAT I MISS MOST ABOUT ALPHA...

THE PEOPLE! I miss being in a classroom with my students and being able to see their smiling (sometimes frowning) faces while I teach. I'm looking forward to in-person interactions with students and the awesome staff. I miss the activity and buzz of the hallways and hanging out in the 'All My Relations' room. Love you peeps of Alpha!
