

# USING AI TOOLS

## C Critical Thinking

**C**

- Is it accurate?
- Is it biased?

## A Awareness

**A**

- Understand how AI works.
- What are AI's limits?
- What are the environmental impacts?

## R Responsibility

**R**

- Use AI ethically.
- Attribute it
  - Say when you've used it.
- Uphold academic integrity
  - It shouldn't do your work for you.

## E Effectiveness

**E**

- Is AI the right tool for the job?
- Would another tool be better?
