Overview

SFU Applied Sciences Outreach offers fun, engaging workshops and resources that encourage youths to explore topics in Science, Technology, Engineering, Arts and design, and Mathematics (STEAM). We aim to not only enhance STEAM literacy among youths in BC, but also foster an appreciation of how science can be used to make sense of the world we live in and improve how we do things.

About SET Talks

SET Talks is a speaker series that provides secondary school students with the opportunity to meet and interact with role models in STEAM fields. This speaker series is also open to the public as we want to encourage parents, guardians, and teachers to join us in supporting youths who are interested in pursuing post-secondary studies in these disciplines.

Schedule

Date: Jan 30, 2021 (Saturday)

Time: 1:00-2:00 pm*

Topic: Population and public health**

Location: Virtual via Zoom

Audience: 30 Grade 9-12 students + members of the public (e.g. their parents/guardians)

Sign up link: <http://websurvey.sfu.ca/survey/391656507>***

*The meeting link will be opened 30 minutes before the talk starts for students to test their setup (e.g. is your audio working?).

**For more information, check out the mission statement of the [BC Centre for Disease Control](#).

***Please use the link to sign up by Jan 22 (Friday) at noon. Further details (e.g. Zoom links) will be sent to students by Jan 27 (Wednesday) at 5:00 pm. If you're a parent/guardian or a teacher who is interested in joining this talk, please contact Eva at sacoord@sfu.ca.

Virtual Community Guidelines

Welcome to the SET Talks event! SET Talks is a speaker series that provides secondary school students with the opportunity to meet and interact with role models in STEAM fields. This speaker series is also open to the public as we want to encourage parents, guardians, and teachers to join us in supporting youths who are interested in pursuing post-secondary studies in these disciplines. Before you join us, there are some guidelines we need everyone to follow to maintain the safety of everyone involved. See below for our Virtual Community Guidelines.

Personal Safety: We take safety seriously. If harm is disclosed or discussed (harm to self, or harming others) then we will take the appropriate steps to ensure your continued safety and the safety of those around you. Threats about others personal safety will not be tolerated.

Respect: Treat those online as you would treat them in-person that is with respect, dignity, and care.

No Hate Speech or Bullying: Bullying, discrimination, and harassment of any kind will not be tolerated.

Communication: Communication is encouraged in this workshop. Communicate with respect and listen to others when they speak or share ideas, which includes when sharing ideas out loud or via the chat function. Mute your microphone when not speaking and only turn your video on if you feel comfortable to do so.

Privacy: Respect the privacy and personal information of those in the shared virtual space by not sharing information that is not your own. Respect your own privacy by not sharing any personal information with those you do not know. Sharing of the Zoom link with those outside of the specific intended group is strictly prohibited.

Copyright: There will be no recording of anything that happens in this space, which includes participants and instructors taking pictures, recording parts of the workshop or recording their screen during any part of the workshop.

By joining our SET Talks event, you are considered to be in agreement with the above community guidelines. We will take the appropriate actions if any of the above guidelines are violated. Depending on the situation, this may result in revoking participation in the remaining events/workshops. Thank you in advance for your commitment for keeping our virtual events and workshops engaging, safe and of course, fun!

SET Talks: Population & public health

Jan 30, 2021 (Saturday), 1:00-2:00 pm
