

😊😊 ROCK HUNT OF LIFE 😊😊

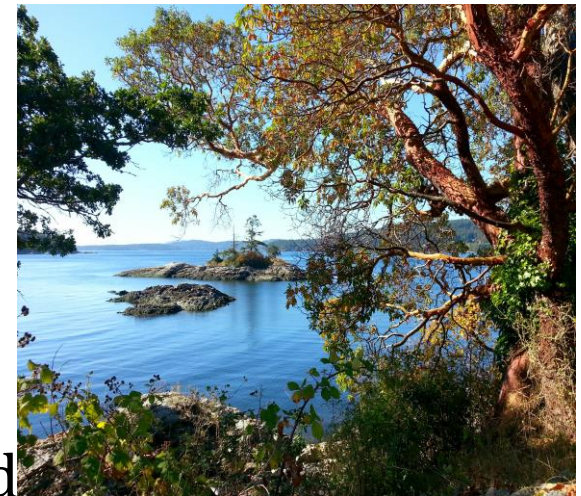

Jack Wang

 <p>moonwatcher</p>	 <p>hellfire</p>	 <p>Amethyst</p>	 <p>Jasper</p>	 <p>onyx eye</p>
<p>Moonwatcher</p> <p>The reason I chose this rock is because it represented the moon and I have a feeling that it is a moon watcher</p>	<p>Hellfire</p> <p>I chose this rock because the red reminded me our blood flowing through our veins and it gives us immortality</p>	<p>Amethyst</p> <p>I chose this rock because the color purple represented power the transparency on the back is like water</p>	<p>Jasper</p> <p><i>I chose this rock because the ocean blue reminded me of whales swimming the ocean give the ability to talk to ocean animals</i></p>	<p>Onyx eye</p> <p>This rock gave you the power to stay viscous protective like the tiger</p>
<p>I CHOSE THIS PLACE TO PUT MY ROCK BECAUSE IT CAN SEE THE NIGHT SKY TO WATCH THE MOON</p>	<p><i>I placed this rock on solid concrete for it to give nature the blood to flow</i></p>	<p><i>I put this rock here is because it will give power to the grass to stay alive</i></p>	<p><i>I put this rock here because the ocean blue water will give the plants more life</i></p>	<p>I put this rock here because it will protect the plants from danger</p>

About my design and color

- I chose these colors just because each color represented a power 😊

- I found those stones in salt-spring-island
 - The stones came with color, purple, white, blue, etc
