

*JOIN Hailey's ROCK HUNT TODAY!*

*I placed one on a tree. I hid one next to a plant in front of our house. I hid one behind a tree, and I hid the fourth one in the grass. The other two photos show me holding up rocks in front of a beautiful tree and behind a yellow bush.*

*I chose these spots, because those spots were beautiful, and the colors of my rocks stood out.*

*I designed/painted them the way I did because those were my favorite colors. I wrote peace and thank you, because peace is for people who passed away and thank you is for the frontline workers and essential workers and for everybody else!*
