

Fast ForWord – Parent Observation

The Fast ForWord program uses neuroscience principles to strengthen the cognitive skills of Memory, Attention, Processing, and Sequencing. These cognitive skills are essential to learn and read effectively.

Please select the answer that best describes how often the behaviour is exhibited in your child over the past 3 months. Thank you for your participation.

Grade (circle): Primary/Intermediate/Secondary **School:** _____

** Please return this form to the Fast ForWord Teacher by _____.

	Not Yet	Sometimes	Often		
1. Can remember longer instructions	1	2	3	4	5
