CLIENT BRIEF

Chloe Weaver

Profile:

Chloe is 38 year-old environmentalist. She wants to live in a tiny house as her way of doing her part for the environment. Chloe also presents workshops to schools and corporations on how they can reduce their footprint on the Earth. She enjoys gardening, photography and running. Chloe also likes to sew and has a sewing machine that was her grandmother's that she uses often to repurpose items.

Tiny Home Information:

Chloe would like her tiny house to be as eco-friendly as possible. Her goal is to practice what she preaches to others. She has purchased a square plot of land 40 x 40 feet in Maple Ridge, BC. She will need a place for her mom to sleep when she comes to visit and a place to park her electric car.

Style & Likes:

Chloe would like materials to be as natural as possible, with limited paints, toxins, and stains.

Must Haves!

- Vegetable garden and composter
- A place to put her sewing machine and sew
- The smallest environmental footprint as possible
