

## Referencing Images

It is very important that when using images, clipart, diagrams, photographs, etc. off the internet that they too are referenced. You can do this in two ways:

(1) Referencing the source as a caption underneath the image:

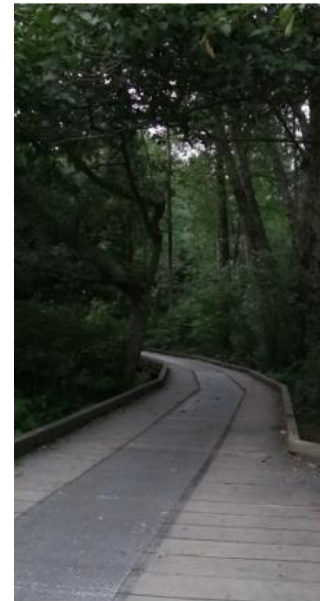

Image from [www.freeimages.com](http://www.freeimages.com)

(2) Including them on the references sheet with your books, websites, videos, etc.

Last name, Initial of the artist, photographer, company. (Date). *Title of the work or description*. [Image]. Retrieved from (web address)

Example for the photo above:

Saddik, D. (n.d.). *Free Smiling Llama Stock Photo*. [Image]. Retrieved from <https://www.freeimages.com/photo/smiling-llama-1529215>

Please note that you ***should not*** be using any images, clipart, diagrams or photographs that are watermarked, tagged with a charge/cost, or specifically state they are copyright (symbol ©) or not to be used without permission!

There are free picture websites that can be very useful; however, you still need to reference any images you use from these sites as well! Below are a few sites to check out. They are also listed on the library blog.

## Practice time!

How would you reference the images below? Use your sheet to help you and look carefully to find the information that is required.

1. The screenshot shows the freeimages.com website. The browser address bar contains the URL 'freeimages.com/photo/koala-duo-1488001'. The website header includes 'FREEIMAGES', 'BROWSE', 'COLLECTIONS', and 'UPLOAD'. A search bar with the text 'Enter keywords ...' and a 'SEARCH' button is visible. Below the search bar, the text 'Free Koala Duo Stock Photo' is displayed above a photograph of two koalas sitting on a tree branch. The photo is credited to 'Diane Robertson, 2001'.

Diane Robertson, 2001

2. The screenshot shows the pixabay.com website. The browser address bar contains the URL 'pixabay.com/photos/frog-prince-crown-flower-dreamy-1370022/'. The website header includes a search bar and a 'Photos' dropdown menu. Below the header, a photograph of a green frog wearing a gold crown is displayed against a pink background.

3. The screenshot shows the welovecatsandkittens.com website. The browser address bar contains the URL 'welovecatsandkittens.com/cat-pictures/yawning-or-meowing-16th-july-2013/'. The website header includes the logo 'We Love Cats and Kittens' and a navigation menu with links for 'Home', 'Cats and Kittens', 'Cat Care', 'Cat Food', 'Cat Breeds', 'Cat Info', 'Cat Health', 'Cat Supplies', and 'Cat T-shirts'. Below the header, a photograph of a small, brown and white kitten yawning is displayed against a teal background.
