

You stay up too late
Got too much on your brain
That's what we all say, mmm-mmm
That's what we all say, mmm-mmm

There are way too many dates
And orders on their way
At least that's what we all say, mmm-mmm
That's what we all say, mmm-mmm

But you keep smiling
Can't stop, won't stop planning
It's like you got this music in your mind
Saying, "it's gonna be alright"

Ms Sakic's goin' away way way way way
We're gonna cry all day day day day day
Will it be o-kay kay kay kay kay
Gotta shake it off, shake it off
(Repeat)

She'll never miss a beat
She's lightening on her feet
And that's what we all see, mmm-mmm
That's what we all see, mmm-mmm

Your mental morning tips
Keep us cool and calm and hip
And that's what we all know, mmm-mmm
That's what we all know, mmm-mmm

But you keep smiling
Can't stop, won't stop planning
It's like you've got this music in your mind
Saying, "it's gonna be alright"

Ms Sakic's goin' away way way way way
We're gonna cry all day day day day day
Will it be o-kay kay kay kay kay
Gotta shake it off, shake it off
(Repeat)

(Fade out)
