

## Light a Candle on This Silent Night – Part 2

Light a candle in the window  
On this silent night.  
As the flame burns through the darkness  
With it's glowing light  
May the light be a reminder  
Of the friendships we have shared  
Light a candle on this peaceful  
Silent night.

See the candle in the window  
On this silent night.  
As the flame burns through the darkness  
With it's glowing light  
May the light be a reflection  
Of traditions we hold dear.  
See the candle on this peaceful  
Silent night.

May the spark of the candle  
Ignite in us a prayer  
For peace to all nations tonight.

A circle of hope  
May the love in our hearts be our light  
Be our light!

Light a candle in the window  
On this silent night.  
As the flame burns through the  
darkness  
With it's glowing light  
May the light be a beacon  
Of hope for peace on Earth.  
Light a candle  
On this peaceful

Silent night  
Silent night  
Sleep in heavenly peace.
