

# The Candy Cane Twist

By Andy Beck & Brian Fisher

*(Spoken)*

*There is a piece of candy, a special kind of treat  
And when I think about it I just hafta move my feet  
The swirl of the colours, the curve of the hook  
They make me wanna dance every time I take a look  
I shimmy in my shoulders and wiggle in my hips  
I wanna have a party when I taste it on my lips*

Let's twist  
Like a candy cane  
Come on let's twist  
Like we can't refrain  
'Cuz who can resist  
Doin' the candy cane twist

Let's twist (let's twist)  
To the left and right (to the left and right)  
Come on let's twist (come on let's twist)  
Like the red and white (like the red and white)  
'Cuz who can resist  
Doin' the candy cane twist

Peppermint, spearmint, wintergreen  
You can really have your pick  
Cinnamon striped in red or green  
Choose your fav-'rite kind and lick

ahh—ahh—ahh-ahhh  
Let's twist (let's twist)  
Twist it up and down (twist it up and down)  
Come on let's twist (come on let's twist)  
Twist it to the ground (twist it to the ground)  
'Cuz who can resist  
Doin' the candy cane twist

Candy canes come just once a year  
So I buy 'em by the case  
Even though soon they disappear  
Soon I'll have a sticky face

ahh—ahh—ahh-ahhh  
ahh—ahh—ahh-ahhh  
Let's twist (let's twist)  
Like a candy cane (like a candy cane)  
Come on let's twist (come on let's twist)  
Like we can't refrain (like we can't refrain)  
'Cuz who can resist  
Doin' the candy cane twist  
(Repeat x3)
