

I Am Song

Mark Burrows

I am the spark that glows in you,
A warmth you've felt before.
I am the voice that grows in you,
A sound you can't ignore.

I believe in you
And will weave in you
A melody sure and strong.

Bring me your stars,
Bring me your sunshine,
Bring me your pouring rain.

Bring me your tears,
Bring me your laughter,
Bring me your joy and pain.

What is found in you,
What resounds in you,
Has been held in for far too long.
Time to breathe me in to the world.

I am song!

I am the hope that springs in you,
An ever-flowing stream.
I am the truth that rings in you,
A plea, a prayer, a dream.

I believe in you
And will weave in you
A melody sure and strong.

Bring me your stars,
Bring me your sunshine,
Bring me your pouring rain.

Bring me your tears,
Bring me your laughter,
Bring me your joy and pain.

What is found in you,
What resounds in you,
Has been held in for far too long.
Time to breathe me in to the world.

I am song!

I am warmth, I am truth (I am song!)
I am hope, I am song! (I am song!)
I am warmth, I am truth, I am hope. (I am
song!)

I am warmth,
I am truth,
I am hope,
I am song!
