

Christmas Bells

Cynthia Gray

Hear the joyous Christmas bells!
What cheerful news their music tells!
Hear the joyous Christmas bells!
Happily they're ringing:

"Have yourself a merry merry Christmas!
Have yourself a happy New Year!"
Hear the joyous Christmas bells welcoming in
the season!

Hear the echo far and wide,
Ringing across the countryside.
With a language sweet and clear
Merrily they're singing:

"Have yourself a merry merry Christmas!
Have yourself a happy New Year!"
Hear the joyous Christmas bells welcoming in
the season!

Winter bids us welcome with a blast of ice and
snow,
Freezing cold and windchill as December winds
do blow!

Just about the time I think we've has more than
our share
I hear those joyous Christmas bells a jingling in
their air!

Hear the joyous Christmas bells!
What cheerful news their music tells!
Hear the joyous Christmas bells!
Happily they're ringing:

"Have yourself a merry merry Christmas!
Have yourself a happy New Year!"
Hear the joyous Christmas bells welcoming in
the season!
Welcoming in the season!
