<p>Oh the weather outside is frightful But the fire is so delightful And since we've no place to go Let it snow, let it snow, let it snow It doesn't show signs of stopping And I brought some corn for popping The lights are turned way down low Let is snow, let is snow, let it snow</p> <p>When we finally kiss goodnight How I'll hate going out in the storm But if you really hold me tight All the way home I'll be warm</p> <p>The fire is slowly dying, but my dear, we're still good-bye- ing But as long as you love me so Let it snow, let it snow, let it snow</p> <p>SPECIAL ENDING:  Let it snow, let it snow, let it snow</p>	<p>Winter snows's in the air Ice, frost, and slush everywhere Summer's coming too slow Oh no, the snow's gotta go! Will it ever subside? Wish all my clothes would get dried Stay 'way mistletoe Oh no! The snow's gotta go!</p> <p>Wintertime's not for romance Time to put love untold on hold Summertime's your only chance 'Cause I'm coming down, coming down with a cold. Ah- choo!</p> <p>Winter telling you straight I feel a need to hibernate So if our love's to grow Oh no, the snow's gotta go</p> <p>SPECIAL ENDING:  Oh no, take it slow, the snow's gotta go!</p>
