We're leaving together, but still it's farewell
And maybe we'll come back, to Earth... who can tell?
I guess there is no one to blame
We're leaving ground
Will things ever be the same again
It's the final countdown
The final countdown

We're headed for Venus
And still we stand tall
'Cause maybe they've seen us
And welcome us all
With so many light years to go
And things to be found
I'm sure that we all will miss her so
It's the final countdown

The final countdown

It's the final countdown

The final countdown

Its the final countdown

The final countdown

The final countdown— — — —
