

Numeracy: Planning a Holistic Approach

with Donna Morgan

There is so much pressure on our math time. How can we weave developing robust numeracy, computational thinking and teach all the topics in the curriculum?

Come to this 90 minute workshop to learn some strategies for building student fluency, and making a year plan with a range of resources to supplement (or supplant) your texts.

Two Sessions Offered:

Primary Focus (K-3): **Monday, April 25 from 3:30-5:00**

Intermediate Focus (4-7): **Monday, May 2 from 3:30-5:00**
