

Dear Parent/Guardian,

The Burnaby School District has implemented an educational resource called **myBlueprint** (www.myBlueprint.ca). This program is designed to support students by documenting their learning and planning of their educational pathway, allowing them to make more informed decisions about their future. The online myBlueprint digital portfolio and career life planning tools are used by schools across Canada to support curriculum and student success.

Accessible via a secure website on any browser, myBlueprint captures a student's current progress in the classroom. Teachers coordinate with individual students to manage, view, and comment on their learning, planning, and exploration. Teachers are explicit with student expectations and acceptable uses of myBlueprint for learning.

Accounts are created for participating students using your child's personal information comprising school name, student usual first/last names, DOB, grade, local student number, current course schedule and past course history. This allows students to easily log in, explore their skills and interests, and reflect on their learning.

As an online service located within Canada, myBlueprint is bound by both federal and provincial Privacy Laws. Please review the myBlueprint Privacy Pledge/Policy (www.myBlueprint.ca/privacy) and Terms of Service (www.myBlueprint.ca/terms) for more information.

I have read this consent form and understand that my child's personal information may be collected, used and disclosed for educational purposes as outlined in the myBlueprint Privacy Policy and Terms of Service. This consent will be considered valid from the date it is signed, until the point the student named below is no longer a student within the Burnaby School District, or permission has been withdrawn.

Please return a copy of this letter signed to your child's teacher.
