

Sequencing Board/ First-Then-Next

Instructions:

Cut along the centre line on page 2 and select your desired sequencing board ("First-Then-Next" Board). Laminate your board or place it in a plastic protective sleeve for durability. Create your activity cards using photographs, drawings, or words in the rectangles on page 3 (see example). Cut out and attach Velcro or reusable tape to the back of each activity card. Place your activity cards in the desired order on your sequencing board from page 2.

Note: You can remove activity cards from the sequencing board as each activity is completed.
