

O Canada (French version). We will continue to begin each session of Primary Days with O Canada sung in English and French. As a bilingual country, we envision that singing O Canada in both languages will become part of our district culture. If learning O Canada in French is too time consuming or difficult for your group, it is always acceptable to sing the English and simply stand without singing during the French version of O Canada. The French words are posted on the VPA blog at www.blogs.sd41.bc.ca/vpa/ under District Festivals. French pronunciation can be found in Share the Music 6.
